David van den Berg
Executive Director
Downtown Association of Fairbanks Community Services
542 4th Avenue, Suite 204
Fairbanks, AK 99701

Dear David,

Thank you for your continued work with the Community Service Patrol. The Downtown Association's management of the Community Service Patrol is outstanding. Your work to secure the future of this important community service has been creative, persistent and admirable. Your efforts are sincerely appreciated.

Foundation Health Partners is pleased to support the operations of the Community Service Patrol again in 2017 with a donation of \$50,000. The CSP has proven to be a true partner in the community's effort to provide access to care for chronically inebriated people and has been a highly effective steward of our community's emergency and medical resources.

Since its inception CSP has been funded by a community effort involving governmental entities, grants, private sector support along with individual donations. Unless the City of Fairbanks assumes all costs of the CSP community funding will be the only avenue to realize the benefits of the CSP program. In that light Foundation Health Partners' 2017 donation is conditioned on the award of a grant or grants totaling \$25,000, or one-half (50%) of our donation, whichever is greater.

We look forward to our continued work with you and the CSP. Thank you for your partnership to safeguard the health and safety of chronic inebriates. This important work helps ensure that the downtown area remains safe, welcoming and attractive to visitors, the employees of downtown business and the community at large.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gregory L. Johnson'.
